

Health and Safety Policy

In accordance with the "Health and Safety at Work Act 1974", FIRMA Engineering maintains a Health and Safety Policy and carries out regular risk assessments.

Statement of general policy:

To prevent accidents and cases of work-related ill health and provide adequate control of health and safety risks arising from work activities.

To provide adequate training to ensure employees are competent to do their work.

To engage and consult with employees on day-to-day health and safety conditions and provide advice and supervision on occupational health.

To implement emergency procedures - evacuation in case of fire or another significant incident

To maintain safe and healthy working conditions, provide and maintain plant, equipment and machinery, and ensure safe storage / use of substances.

Health and safety law poster is displayed:

First-aid box and accident book are located:

Accidents and ill health at work reported under RIDDOR: (Reporting of Injuries, Diseases and Dangerous Occurrences Regulations)

For further detailed information on our Health and Safety Policy please contact FIRMA Engineering Ltd at; info@firma-engineering.com and request a copy of our full policy FQP-011.
