

Environmental Policy

FIRMA Engineering Ltd is committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We will operate in compliance with all relevant environmental legislation (If applicable) and we will strive to use pollution prevention and environmental best practices in all we do.

Our Policy, therefore, is to:

- Integrate the consideration of environmental concerns and impacts into our decision making and activities, via regular management reviews.
- Minimise our waste and then reuse or recycle as much of it as is possible.
- Minimise energy and water use within our buildings and processes in order to conserve supplies and minimise the consumption of natural resources.
- As far as is possible, purchase products and services that do the least damage to the environment.
- Inform our employees about environmental issues that may affect their work, via personnel induction process.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.

Communicate our environmental commitment to clients, customers, and the public (if required) and encourage them to support it.

For further detailed information on our Environmental Policy please contact FIRMA Engineering Ltd at; info@firma-engineering.com and request a copy of our full policy FEENP-001.
